

# PUTNAM COUNTY BOARD OF DEVELOPMENTAL DISABILITIES

## Brookhill Center

### **INSPIRING CHANGE FOR OVER 50 YEARS**

**Serving infants, toddlers, and adults in Putnam County**

### ***DID YOU KNOW...***

In the last ten years - more individuals are being served:

- \* Brookhill's Early Intervention program serves over 65 infants and toddlers, almost doubling the infants served since 2000
- \* Brookhill Industries serves over 130 adults, representing the entire Putnam County community - 25% greater than in 2000
- \* Over 25 adults are community employed, within various businesses in Putnam County with a special emphasis of preparing students prior to graduation in various job sites
- \* Over 90 adults receive residential supports, from drop in home services to 24 hour intense care services
- \* With over 5 bus routes, Brookhill travels over 800 miles a day
- \* Brookhill's Special Olympics Program provides year round sport and recreation activities for over 60 athletes
- \* Brookhill is proud to collaborate with a number of entities to improve cost and service efficiencies in stretching our tax dollars while improving the lives of those we serve
- \* Received the highest accreditation award in 2014 from the State of Ohio
- \* A 1.6 mill levy is placed on this spring's ballot to support existing services. This is due to a significant reduction of state support and the increased residential needs of our population

**THANK YOU PUTNAM COUNTY FOR YOUR CONTINUOUS SUPPORT!**
